

## **Covid update – April 2023**

If you wish you may now share the chalice. Please note that communion by intinction is still prohibited. This applies to all masses in the parish.

We will continue to keep the ciborium closed on the altar, so that those receiving Holy Communion can be assured that no aerosol particles have come into contact with the host.

Please remember to show due caution. Please do use the hand sanitizer available at the entrances to all the churches. If you have any symptoms which may be covid-19, or have been in contact with somebody diagnosed please follow latest guidance.

Please respect the space around anyone who chooses to wear a mask and consider leaving space around yourself and others.
